THE CITY ELECTION

For Councilmen and School Trustees—Officers of Registration Appointed.

The election for three members of the board of councilmen and two members of the board of school trustees for each of the three wards in the city will take place, under the present city charter Saturday, December 3d next. As the charter for the third class cities, in which Frankfort is included, will probably be passed by the Legislature sometime within the next twelve months, the terms of the two boards to be elected will expire after the regular election in November, 1893. Registration for the forthcoming municipal election will begin Tuesday, November 8th, and continue for three consecutive days, and to provide for this registration, County Judge Williams, Sheriff Noel and County Clerk Smith, as the law requires, made the appointment Monday of the following officers:

First Ward—Jno. S. Harrod and John M. Coleman judges, and R. H. Frazier clerk.

Second Ward—John E. Kirtley and J. W. Milam judges, and Jud Brislan clerk.

Third Ward—H. D. Harrod and J. M. Todd judges, and R. H. Phillips clerk.

The new Constitution, practically fixed the seat of Government in this city and giving stability to property valuation which has heretofore been materially affected by the constant Capital removal agitation, has inspired a confidence in the future growth and prosperity of the city, which, in the many buildings during the past year and the recent construction of the street railway, attest the opening of the most important era in the history of Frankfort. It is a period when the management of public affairs should be placed in the hands of those who are most capable of insuring an honest, safe and yet wisely liberal administration. The city council deals directly with matters which press most closely upon the city's welfare and the attention of the people. It has power to levy and expend more tax money proportionately than the county and State governments together require. The school board is entrusted with the duty of expending the public educational fund and regulating the system which vitally concerns nearly every parent in the city, and yet when the question of a selection of the best and most suitable men for both of these boards is raised, those who are known by their reputation and success in business to be eminently qualified to discharge this important duty, decline to serve, either because they are unwilling to make the small sacrifice demanded of their time or because they shrink from engaging in a contest for public office. They are an integral part of the whole and what affects the general good is certain to affect each citizen whose interests are identified with the city's future. To a reader of the times, it appears that this is the "tide in the affairs" of the city "which, taken at the flood, leads on to fortune," but if omitted, "all the voyage" of its after life will be "bound in shallows and in miseries." In fact every consideration prompts the selection this year of the very best material in the city for councilmen and school trustees and there should either be a united action in nomination a citizens' ticket or else each party should have none but its most worthy and public spirited citizens to stand for office.

Grand Secretary Nelson.

Mr. C. A. Nelson, of this city, one of the representatives of Capital Lodge, No. 6, Independent Order of Odd Fellows, in the Grand Lodge of Kentucky, which has been in session in Covington this week, was honored by that body on Wednesday by being elected Grand Secretary. Mr. Nelson will make a faithful and efficient officer and the Grand Lodge will have no cause to regret their selection. He has for the past ten years been the foreman at the Hermitage cooper-shop, which position he has filled to the entire satisfaction of his employers. The position to which he has been elected carries with it a

salary of twelve hundred dollars a year but he may have to make his headquarters in Louisville, which is to be regretted, as in that event Frankfort will lose a first-class citizen.

When Nature

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

Doing Better Business.

During the month of September the Kentucky Midland Railway handled eight thousand passengers, being one thousand more than was handled during the same month last year. The Midland is slowly but surely gaining in favor with the traveling public. It is one of the best built roads in the State, makes good time and seldom misses a connection.

Republican Speaking.

There will be a Republican mass-meeting at the court-house this evening at 7:30 o'clock. The meeting will be addressed by able speakers from Louisville, Hon. W. N. Webb and Col. J. R. Watts, members of the Garfield Club of that city. Other members of that Club will attend the meeting. Let every one who can attend, and hear the doctrine of Republicanism, Protection and Reciprocity discussed.

Death of Rev. Geo. Nesbitt.

The Rockford, Illinois, Star, of the 7th inst., conveys to us the sad intelligence of the death of Rev. Geo. A. Nesbitt at the Presbyterian Hospital in Chicago, on Thursday of last week. Rev. Mr. Nesbitt will be remembered by our citizens as little George, the only child of Rev. J. M. Nesbitt, D. D., who was the pastor of the First Presbyterian Church in this city from 1869 to 1875. George was a bright, manly little fellow, who was a great favorite with every one who knew him. His untimely death was a great blow to Dr. Nesbitt and wife, whose lives were bound up in him. They have the warmest sympathy of a host of friends here in their old home.

Kentucky River Improvements.

Gen. Casey, Chief Engineer of the United States Army, of Washington City, and Major A. M. Adams, of the staff at Cincinnati, were in the city Monday inspecting the Kentucky river improvements to navigation. Accompanied by Capt. J. V. Hoag, jr., who is in charge of the river improvements, with headquarters in this city, the party made the trip up the river on the government steamer Kentucky and examined Locks Nos. 5 and 6, and also the location of Lock No. 7, which is placed at a point about nine miles above the Cincinnati Southern high bridge.

As the Beattyville lock, on which the Government has uselessly expended \$100,000, is to be discontinued, the Department at Washington has ordered that the large amount of stone gotten out for that lock be utilized in building Lock No. 7. This will probably add as much as \$30,000 to the recent amount of \$150,000 appropriated for next year's work and materially contribute to the speedy completion of the projected lock. At present nothing can be done towards No. 7, except to level the ground and get out the timber. The stone at Beattyville will be floated down on the first freshet, and as soon as possible next spring the work will be entered upon vigorously.

Catarrh Can't be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you have to take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surface. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials.

Resolutions of Respect.

At a called meeting of Hiram Lodge, No. 4, A. Y. M., held on Friday evening, October 7th, a committee was appointed to draft resolutions of respect to the memory of the late Capt. Sanford Goin, who reported the following, which were adopted:

To the Worshipful Master, Wardens and Brethren of Hiram Lodge No. 4: BRETHREN—Inasmuch as it has pleased the Great Architect of the Universe, in His infinite wisdom and mercy, to permit the "all devouring sythe of time" to invade our ranks and cut the brittle thread and launch our beloved brother Sanford Goin into eternity, there to await our coming; be it

Resolved, That in his death this Lodge has lost a faithful member, and a brother worthy of the name of a Mason, that this Lodge deeply regrets his untimely death, and his brethren mourn; and

Resolved, That this Lodge sympathize with the bereaved family and mourning friends in their affliction; that in their affliction we are reminded "that in the midst of life we are in death" and "from dust we came and to dust we must return." Be it further

Resolved, That we cherish his memory in our archives; that a page of our records be dedicated to his memory; that these resolutions be published in our city papers, and a copy thereof mailed to his family.

G. SCHEAFER, H. C. MURRAY, JOHN E. KIRTLEY, Committee.

The following resolutions were adopted by Capital Lodge No. 6, I. O. G. F., on Monday evening:

WHEREAS, It has pleased an all-wise Providence to take from among us our beloved brother Sanford Goin who has been a prominent member of Capital Lodge No. 6, I. O. G. F., for over 48 years, being initiated February 19, 1844. Therefore be it

Resolved, That we bow in humble submission to the Divine will of the Grand Master of the Universe. We feel it to be our duty to express our sincere sorrow at the loss this Lodge has sustained.

Resolved, That we extend to his bereaved family, relatives and friends our heartfelt sympathy in the sad bereavement which has fallen upon them, by the loss of one who was dear to all, and would point them for comfort to Him who doth all things well.

Resolved, That these resolutions be spread upon the minutes of our Lodge and a copy be sent to his family and the city papers be requested to publish the same.
